Capstone Project: The Battle of Neighbourhoods (Part 1)
by Vladimir Semenov

Introduction

New York City is a city located in New York. With a 2020 population of 8,323,340, it is the largest city in New York and the largest city in the United States. New York City is currently declining at a rate of -0.45% annually but its population has increased by 1.81% since the most recent census, which recorded a population of 8,175,130 in 2010. New York City reached it's highest population of 8,475,980 in 2016. Spanning over 468 miles, New York City has a population density of 27,709 people per square mile.

The average household income in New York City is $97,647 with a poverty rate of 18.91%. The median age in New York City is 36.5 years, 35.2 years for males, and 37.8 years for females.

The city features five separate boroughs: Staten Island, The Bronx, Brooklyn, Queens, and Manhattan. As many as 800 languages are spoken throughout New York City, making it the most diverse city in the world when it comes to linguistic multiplicity.

The income disparity between the citizens of New York City is vast. According to the latest census, the median household income for a wealthy citizen was $188,697 per year, and the poorest median income was reported at $9,320. This city houses the highest number of millionaires and billionaires in the world. Moscow, Russia, follows in a close second.

With its diverse culture, comes diverse food items. There are many restaurants in New York City, each belonging to different categories like Chinese, Indian, and French etc.
All the facts mentioned above make New York City to be an attractive market in terms of food business. Perspectives of opening Russian restaurant are considered in the present project.

Problem:

To analyse the problem the following issues are considered:
1) Visualization of all major parts of New York City that have reach Russian restaurants.
2) What is best location for Russian Cuisine in New York City?
3) Which areas can be considered as a potential Russian restaurant market?
4) What is the best place to stay if you prefer Russian Cuisine?
